INDUSTRY AWARDS

SEE THE AWARDS RECOGNISING THE DISRUPTIVE INNOVATION BROUGHT TO THE INDUSTRY BY MILWAUKEE®

Since the start of 2019 MILWAUKEE® has been recognised by a number of industry awards for bringing innovation and disruptive new products to the industry. These awards have spanned a whole range of MILWAUKEE® solutions, from Accessories, to M12™ solutions, to the industry first MX FUEL™ Light Equipment range.

SCREWFIX POWER TOOL OF THE YEAR
M18 CBLPD COMPACT BRUSHLESS PERCUSSION DRILL

For the Screwfix Product of the Year Awards 2019 Trade Rated products with the most reviews on Screwfix.com over the last 12 months were shortlisted and the public then voted for their favourite product across six categories. The M18 CBLPD was voted the winner of the Power Tool category making it the Screwfix Power Tool of the Year 2019.

SCREWFIX PRODUCT OF THE YEAR
SHOCKWAVE™ PZ2 IMPACT DRIVER BITS

For the Screwfix Product of the Year Awards 2019 Trade Rated products with the most reviews on Screwfix.com over the last 12 months were shortlisted and the public then voted for their favourite product across six categories. The SHOCKWAVE™ PZ2 Impact Driver Bits were voted the winner of the Overall Product category making it the Screwfix Product of the Year 2019.

EXECUTIVE HIRE INNOVATION TRAIL
MX FUEL™ LIGHT EQUIPMENT SYSTEM

Exhibitors at the Executive Hire Show 2020 were invited to nominate a product to be considered for inclusion in the Innovation Trail. Nominated products had to show genuine innovation in meeting the specific needs of hirers and end users. The MX FUEL™ range brings new possibilities to the light equipment market, pushing the boundaries of cordless innovation and safety on the jobsite.

PROFESSIONAL ELECTRICIAN TOP PRODUCT
M12 FID IMPACT DRIVER

The Professional Electrician and Installer magazine Top Product Awards are given to products that have made a significant difference to electricians work and have surpassed all levels of reliability, innovation, and quality. At the end of 2019 the M12 FID was given a coveted Top Product award, recognising the tools capabilities within the electrician trade.

IRISH AUTO TRADE POWER TOOL MANUFACTURER OF THE YEAR

The Irish Auto Trade Awards are the culmination of a thorough and professional process identifying the best operators in all sectors of the Irish Auto Trade market. At the 2020 awards MILWAUKEE® were proud to be named the Power Tool Manufacturer of the year.

LAMMA INNOVATION AWARDS
M12 HJP HYBRID HEATED PUFFER JACKET

The LAMMA Innovation Awards recognise and give exposure to some of the best advances in agricultural manufacturing. Entries are judged by an independent panel of industry experts according to a range of criteria including design innovation, practical impact and impact on the environment. The M12 HJP was given a Silver Diversification Award recognising the innovation and practicality for the agricultural sector.

Dear MILWAUKEE® Cordless Revolutionaries,

MILWAUKEE® is your professional power tools, accessories, hand tools and protective gear brand that you can rely on to stay safe and productive beyond expectations in these unprecedented times.

MILWAUKEE® pioneers into new cordless spaces with the revolutionary, zero emissions MX FUEL™ light equipment innovations that eliminate the hazards associated with fumes, noise, vibration and your everyday frustrations of petrol maintenance. All initial MX FUEL™ tools are the first cordless tools of their kind to deliver the performance, run-time and durability you expect and solve the most prevalent pain points that have caused many of you historically challenging experiences with equivalent petrol, pneumatic or high-power AC tools. On top of that, being cordless, the new systemwide compatible MX FUEL™ battery system will again save you time and money down the line.

Try and test how fast and easy to operate is the world's first 350 mm battery powered cut-off saw which delivers the power to cut reinforced concrete with a full 125mm depth of cut capacity and finds its perfect match with a full range of applications specific diamond and abrasive 350mm wheels to maximise your efficiency on the job. Two batteries are capable of delivering a similar run-time to an equivalent petrol saw tank.

You can break up to 12m of a 30x20cm trench of concrete on one battery charge with the world's first, 64J hard hitting cordless 28mm hex breaker which offers very low HAVS vibration levels over extended work periods.

And core up to 152mm hole diameters with confidence using the first cordless dry/wet diamond core drill whilst the new patented mechanical clutch and digital AUTOSTOP™ technology keeps you safe. Maximise your productivity with the new Milwaukee Tool range of thin kerf diamond drilling cores and save yourself up to 25% setup time on the job for electricity and water supply also in combination with the M18 Switch Tank System.

Later this year the MX FUEL™ Sewer Drum Machine w/ POWERTREDZ™ will simplify your sewer calls by having the power to clear roots up to 60m out and allowing you to transport the unit by yourself in and out of a service van and up and down stairs.

Also coming soon is the MX FUEL™ Tower Light with up to 27,000 lumen light output in AC and 20,000 lumens in the highest DC mode for up to 3 hours. It is highly job site mobile and has a motorised, extendable mast up to 3.1m high, with-standing up to 55km/h strong winds and rated to IP56 protection for both indoor and outdoor use. It really is the new way to light the site!

To sum it up, it is the system integration of all MX technologies that deliver this unprecedented cordless equipment performance up to 5 Horse Powers. The new large frame POWERSTATE™ Brushless Motor is 50% larger in physical volume with a 60% higher magnet content to deliver more peak output than anything in M18. The new most advanced REDLINK PLUS™ Intelligence Electronics are capable to sustain up to four times higher energy and thirdly the second to none MX FUEL™ REDLITHIUM™ 432Wh XC Battery Pack is the highest energy pack Milwaukee has ever made and delivers more maximum output than a 16A AC wall outlet. The new MX FUEL fast charger reduces down-time by charging the 432WH XC battery pack in 90min and the smaller 216WH CP pack in under 1 hour. MX FUEL™ is also ONE-KEY™ enabled to track tool locations, manage your assets, secure & lock all of the MX FUEL™ tools and the XC battery. In addition, the MX FUEL™ Tower Light also allows you to customize the light output to your application needs.

We at Milwaukee clearly believe that FUEL™ Equipment System is the first cordless light equipment system to truly revolutionise the light equipment market. MX FUEL™ will be complementary to the growing M18 high performance and M12 portable productivity cordless systems, jointly covering all of your application needs with over 250 cordless productivity solutions available to you in 2020.

Speaking of which we do not stop here to get you the right MILWAUKEE® impact wrench for the job with the latest addition of the first M18 1" D-handle, ONE-KEY™ enabled, 150m extended anvil high torque impact wrench which delivers up to 2576 Nm of fastening torque and up to 2711 Nm of nut-busting torque to unfasten up to M42 bolts, clearly outpacing AC, petrol and pneumatic solutions. Or do you seek the first long-body ½" M12 right angle impact wrench for longer usable reach with up to 270 Nm fastening torque and 300 Nm nut busting torque also featuring a 4-Mode DRIVE CONTROL including an auto shut-off and bolt removal mode? Our widest range of cordless impact wrenches in M12 and M18 is now matched with a new complete range of SHOCKWAVE impact duty sockets in various configurations from 4 to 70mm including adaptors and extensions to keep you on track without compromise.

Take the new M18 190mm guide-rail compatible circular track saw to outperform equivalent AC saws, or the new super-fast and smooth 10,000-20,000 rpm M12 FUEL Multi-Tool with keyless blade change and low 3.3m/s2 vibrations driving your productivity through performance and safety. Performance-driven is deeply rooted with our Torch™ Carbide Sawzall blades we launched in 2018, we're now resetting the bar with Nitrus Carbide™, the next generation of carbide teeth technology with a unique carbide blend giving Nitrus Carbide™ unparalleled speed and blade life in extreme, thick metal applications to effectively save you money over the usable lifetime.

And whilst the list of innovations this summer goes on and on, safety was the primary concern for introducing Milwaukee's first intrinsically safe headlamp, amongst now over 35 unique, trade-specific lighting solutions from MILWAUKEE®, that features a certified zone 0 (category 1) approved ATEX rating for fire & rescue, oil & gas workers and those of you professionals working around continuous long term gaseous, vaporous and fog/mist areas. And we did not stop there, we at MILWAUKEE® have further taken the time and effort to understand your ever-so growing safety needs on the job by driving user-inspired innovation in our brand-new range of Personal Protection Equipment (PPE). Developed from the ground up Milwaukee sets out to set new standards in providing you with state of the art, EN certified hand-, eye-, breathing-, hearing- and head-protection and drop-preventive tethering equipment to have you covered. MILWAUKEE® is focused on creating innovative solutions that won't slow you down and help you to stay safe and stay productive on the jobsite, so keep watching this space as you are getting back to site this summer.

ENGINEERED FOR THE MOST DEMANDING TRADES IN THE WORLD

For professional users, productivity and safety are the keys to success. The ability to find solutions that will keep up with the breadth and depth of their work is imperative. The MILWAUKEE® cordless MX FUEL™, M18™, and M12™ systems complement each other to provide the right blend of power, performance and run time for the job at hand.

MX FUEL™ revolutionises the light equipment market by delivering the performance, run time, and durability demanded by the trades without the hazards associated with emissions, noise, vibration, and the frustrations of petrol maintenance.

ZERO EMISSIONS

MX FUEL™ not only provides all the power of corded and petrol-powered light equipment, but also produces ZERO EMISSIONS. With the elimination of fumes and emissions with this new platform, this allows the user to improve their carbon footprint, as well as improving health and

safety, as harmful fumes, noise and vibrations associated with the running of this light equipment are eliminated. As a result, this increases productivity as this allows users to work indoors, in trenches, in tunnels or even in mines, without any petrol headaches.

EQUIPMENT REDEFINED

This system goes beyond the limitations of petrol and power-cord units, to deliver a best-in-class experience for users. Redefining the limits of light equipment.

TRADE FOCUSED

MX FUEL™ extends Milwaukee Tool's to the trades it serves. Bringing new solutions to trade frustrations.

SYSTEM WIDE

We are committed to protecting our user's investments by providing high performing solutions that are fully compatible with MX FUEL™ REDLITHIUM™ batteries.

MX FUEL™ WEBINAR

MX FUEL 350 MM CUT-OFF SAW

FULL 350 MM BLADE CAPACITY
FASTER CUTS FROM START TO FINISH
NO PETROL HEADACHES

FEATURES:

- The world's first 350 mm battery powered cut-off saw to deliver the power to cut reinforced concrete with a full 350 mm blade capacity
- Faster cuts, start to finish: 3 second push button start up eliminates the need to mix petrol and oil, and avoids petrol engine maintenance
- Petrol-equivalent performance with a maximum no-load speed of 5350 rpm and a full 125 mm depth of cut
- No petrol headaches: Can be used indoors due to zero fume emissions
- Keyless adjustable blade guard & on-board water line for wet cutting which is compatible with the M18™ SWITCH TANK™ interchangeable sprayer and water supply system
- Supplied with HUDD 350 mm diamond blade (4932471986), contractor bag for batteries and charger

MILWAUKEE®: THE COMPLETE SOLUTIONS PROVIDER

Everyday as our users leave their homes and go out to build and maintain the world around us, more is demanded of them. We understand that in turn they will look to us, and they will demand more.

We visited over 2400 jobsites, spent 7000+ hours standing with end users, learning what we can do differently, how we could help our user to work safer and smarter, not harder. We don't think of ourselves as a power tools company, or an accessories company, or a hand tools company, we think of ourselves as a solutions provider.

QUALITY ASSURANCE

Since its founding in 1924 Milwaukee Tool has been an industry leading manufacturer and marketer of heavy duty, portable products for professional users worldwide.

These tools need to last day in day out. MILWAUKEE® tools strive to meet and surpass all international and European standards and directives for design and safety. Constant research and development programs aim to anticipate and fulfill future market trends in all regulatory and efficiency requirements.

Every MILWAUKEE® tool is tested according to a comprehensive certified process before leaving the factory and is guaranteed nothing but heavy duty qualified. At MILWAUKEE® we take great pride in the products, services and solutions we offer to our professional customers.

MAXIMISED PRODUCTIVITY

Whether it is through our world leading M12™, M18™, MX FUEL™ cordless systems, jobsite lighting, time saving accessories or innovative hand tool and storage products, we are dedicated to delivering a continuous flow of advanced, trade specific solutions. We invest the time to work side by side with real users to understand the demands of a constantly changing workplace and how we can best deliver solutions for a safer, more productive job site.

The digital jobsite has given way to an abundance of solutions that help companies plan, budget and approach their projects more efficiently. Our ONE-KEY™ system is the first digital platform for tools and equipment. The application offers a variety of functionality to increase company and user productivity including the ability to manage inventory, track tools in real time and even customise compatible products.

MILWAUKEE® tools increase productivity but ultimately save the workers on the job site time and money.

PRODUCT PERFORMANCE

Through a thorough evaluation of the job at hand, the frustrations, needs and previous limitations we set out to completely rethink solutions and deliver game changing innovation seen across all our product lines.

At MILWAUKEE®, HEAVY DUTY is more than just a slogan. It is a promise to offer the best to professional users. Engineers at MILWAUKEE® don't just design tools, they design tools to get the job done better, faster, reliably and safely.

HEALTH AND SAFETY

MILWAUKEE® is dedicated to keeping users safe and productive on the job site. MILWAUKEE® is focused on creating innovative solutions that won't slow users down but keeping them safe and protected at the same time.

The biggest risks are trip hazards and fumes and through driving the cordless job site we have been able to help remove trip hazards, cut emissions, reduce HAVS, and improve dust management, optimise lighting solutions and ultimately keep users safe and productive. The introduction of the MX FUEL™ range and Personal protective equipment further emphasises MILWAUKEE's approach to maximise safety, performance and productivity on the job site.

MILWAUKEE®: THE COMPLETE SOLUTIONS PROVIDER

TRADE PERSON 1 ELECTRICIAN

Electricians often have to work in multiple areas and at heights. MILWAUKEE® solutions make this possible by offering powerful but portable solutions.

M12 FUEL

The **M12 CH** is a compact SDS-PLUS drill optimised for one handed use and capable of drilling up to 13mm holes in concrete.

M12 TRUEVIEW™

The **M12 SAL** provides 1400 lumens and weighs just 3.4 kg. Expandable from 0.91 m to 1.72 m.

M12 FUEL

"Very comfortable tool to work with. Very compact length and solid tool changing. Pleasure to work with."
★★★★★ - Tom (M12 FID)

SHOCKWAVE™

Designed for use with impact drivers the **SHOCKWAVE™ Impact bits** have improved fit and wear resistance for extended life and less productivity stopping breaks.

PACKOUT

With 35 pockets and durable 1680D ballistic nylon construction the **Jobsite Backpack** helps you get in and out of the jobsite quickly and securely.

Tested to 10,000 V and guaranteed to 1,000 V, our VDE solutions ensure user safety whilst maintaining features for maximum efficiency on site.

TRADE PERSON 2 AUTO MECHANIC

Mechanics have traditionally been limited by air hoses and cords. MILWAUKEE® solutions increase versatility without sacrificing power or precision.

M18 FUEL

The **M18 FMTIWF12** produces 610 Nm of torque with no restrictive air hoses. At just 170 mm in length you can get maximum power in hard to reach areas.

M12 FUEL

Delivering up to 270 Nm of torque the **M12 FRAIWF12** gives enhanced access in tight spaces, thanks to the long body design and 71 mm head length.

M12 TRUEVIEW™

With mounting hooks extendable from 119 cm - 196 cm the **M12 UHL** light covers the hood of wide cars and trucks, supplying 1350 Lumens into engine bays for easier and safe working.

SHOCKWAVE™

Colour coded for easy identification, the **SHOCKWAVE™ Automotive impact socket set** includes 17 mm, 19 mm, and 21 mm options.

PACKOUT

Work easily in tight spaces with 4 degree arc swing and 90 tooth design, **Ratchet and Socket sets** provide maximum durability.

"Great product. Very durable and sturdy. Easy to use. It's very convenient to be able to hang the internal containers through screws."
★★★★★ - Samuel (PACKOUT™ Organiser)

TRADE PERSON 3 PLUMBER

Plumbers demand solutions that are portable and functional within tight spaces. MILWAUKEE's focused plumbing solutions make daily tasks easier and faster.

M18 FUEL

With up to 4 custom settings for maximum accuracy, the **M18 ONESX** supplies 3000 SPM of cutting power with the adjustability and security of ONE-KEY™ technology.

M18 FUEL

"This is my second one of this drill and the first has served me well for over 5 years now. Having been in the trade for over 35 years, this is the best cordless hammer drill I've ever had."
★★★★★ John (M18 CHX)

M18 TRUEVIEW™

Our **Cut Level 3 gloves** offer more resistance to cuts and abrasion, perfect for applications such as pipe threading and cutting, with textured palms for best in class grip.

M18 TRUEVIEW™

240 degree rotatable light and 3000 Lumens of high definition lighting, the **M18 HAL** offers a do-it-all solution for lighting the jobsite.

PACKOUT

New-to-world 3 length design, the **Cheater Pipe Wrench** gives maximum leverage and ideal ergonomics for tough applications.

The **PACKOUT™ 40 cm Tote** features all metal hardware for enhanced durability and an overmoulded handle for comfortable tool transportation onto site.

TRADE PERSON 4 INDUSTRIAL ENGINEER

Engineers are tasked with building and maintaining major machinery. MILWAUKEE® solutions offer the power and versatility required for time critical applications.

M12 FUEL

Accurate to ±2% for torque critical fasteners, the **M12 ONEFTR38** delivers up to 50% faster installation and the ability to log and print reports from the ONE-KEY™ app.

M12 FUEL

The **M12 FIW38** provides 339 Nm of torque, delivering a competent but compact solution for multiple applications.

M18 TRUEVIEW™

"Bought this light with a particular job in mind ... got to say it far out performed all of my expectations, it was able to light up the area we required and far more, it was sturdy, mobile and lasted hours regardless of battery!"
★★★★★ - Gary (M18 SAL)

M18 TRUEVIEW™

A lightweight, breathable backing allows the **Free Flex Work Gloves** to provide protection with all day comfort and SMARTSWIPE™ screen functionality.

PACKOUT

With a precision adjustment screw with accurate threads and tight tolerances, the **MILWAUKEE® Adjustable Wrench** jaws don't back off during use for maximum productivity.

A 113 Kg weight capacity makes the **PACKOUT™ Trolley Box** one of the most functional ways to transport tools on the jobsite.

TRADE PERSON 5 CARPENTER

Carpenters require a mix of power and precision for different materials. MILWAUKEE® solutions give the flexibility to work on applications from rough framing to detailed finishes.

M18 FUEL

"Such an Awesome Router! As the name would suggest, it is compact and easy to hold and use but the power it puts out is what is most impressive the fixed base adjusts easily and changing bits is quick and simple."
★★★★★ Jonathon (M18 FTR)

M18 FUEL

With zero ramp up time, the **M18 FN18GS** is always ready to sink nails sub-flush in hardwoods, up to 1200 times per charge on a 2.0 Ah Battery.

M18 TRUEVIEW™

Our **Premium Safety Glasses with Gasket** provide Advanced Protection with Ultimate Performance. The safety glasses feature a removable gasket that protect your eyes against debris.

M18 TRUEVIEW™

In a compact roll cage, the **M18 AL** supplies 1500 Lumens of almost unbreakable lighting in a portable 2.1 Kg package.

M18 TRUEVIEW™

With double stitching and stronger riveted seams the **Milwaukee Tool Belt** gives easy and ergonomic tool transport, helping to maximise productivity.

TRADE PERSON 6 CONSTRUCTION

Construction workers demand unwavering performance and quality for high demand applications. MILWAUKEE® solutions supply the reassurance that users can work all day long without down time.

MX FUEL

As the industry's first cordless 28mm Hex demolition Hammer, the **MXF DH2528H** delivers 64 J of blow energy, part of the innovative MX FUEL™ battery platform.

M18 FUEL

"Looks are definitely deceiving I'm drilling 2" holes through floor joists like a hot knife through butter. The size helps getting into small places. The only problem so far is people borrowing it."
★★★★★ Jes (M18 FPD2)

M18 TRUEVIEW™

The **Curved Claw Hammer** is precisely balanced for improved handling, with a magnetic nail starter for safer application.

M18 TRUEVIEW™

MX4 SDS-PLUS drill bits have enhanced rebar guards for improved resistance when drilling through concrete with rebar.

M18 TRUEVIEW™

The **L4 HL-VIS** has 360 degree lighting to ensure you are visible from up to 400m in all directions for enhanced jobsite safety.

For maximum safety on the jobsite, the **15.8 Kg Locking Tool Lanyard** features superior shock absorption and a double locking carabiner.

SOLUTIONS PROVIDER TRADE COMPETITION!

Each month we are giving you the chance to win £1000 worth of MILWAUKEE® SOLUTIONS needed for a typical days work.

M18 FUEL NARROW CROWN STAPLER

FIRES UP TO **1200 STAPLES** PER CHARGE ON A **2.0 Ah** BATTERY PACK

KIT INCLUDES:

£ 597.45 EXCL. VAT **£ 716.94** INC. VAT

M18 FN18GS-202X | ART.# 4933471408 (Also available as 0-version)

M18 FUEL 18 GS FINISH NAILER

FIRES UP TO **1200 NAILS** PER CHARGE ON A **2.0 Ah** BATTERY PACK

KIT INCLUDES:

NEW M18 CRAD2-0X | ART.# 4933471641

£ 299.00 EXCL. VAT **£ 358.80** INC. VAT

M18 FUEL RIGHT ANGLE DRILL

FEATURES:

- Delivers corded power and speed (1500 rpm) in wood drilling applications
- All metal gear case and 13 mm keyed chuck
- Up to one day of work on a 5.5 Ah battery charge, drills up to 200 holes with a 22 mm auger bit into 50 x 100 mm wood

KIT INCLUDES:

NEW M18 FCSG66-0 | ART.# 4933472163

£ 439.00 EXCL. VAT **£ 526.80** INC. VAT

M18 FUEL CIRCULAR SAW

FEATURES:

- The M18 FUEL™ circular saw delivers the power to rip cut at the same feed rate of an equivalent AC circular saw - with the ability to cut 750 pieces of 90 mm x 45 mm pine stud on one 12.0 Ah battery charge
- 190 mm blade which gives a 66 mm depth of cut, enabling the saw to cut 3 stacked OSB boards
- Magnesium shoe compatible with MILWAUKEE® guide rail (sold separately)
- Durable metal rafter hang hook for work space management and safety
- Vacuum adaptor supplied fits directly to all MILWAUKEE® dust extractors
- 56° bevel capacity
- Integrated LED light for workspace illumination

KIT INCLUDES:

GUIDE RAIL COMPATIBLE
190 MM BLADE CAPACITY

UP TO **750 CUTS** PER CHARGE ON A 12.0 AH BATTERY PACK

GUIDE RAIL GRU 1400. 1400 MM LONG. SUPPLIED WITH CARRY BAG

NEW M18 ONEKEY™ 1" HIGH TORQUE D-HANDLE IMPACT WRENCH WITH FRICTION RING | ART.# 4933471757

£ 1199.00 EXCL. VAT **£ 1438.80** INC. VAT

M18 FUEL ONEKEY™ 1" HIGH TORQUE D-HANDLE IMPACT WRENCH WITH FRICTION RING

FEATURES:

- The 1" D-Handle high torque impact wrench delivers 2576 Nm of fastening torque that can compete with AC, petrol or pneumatic solutions
- Delivers up to 2711 Nm of nut-busting torque that enables bolts up to M42 to be unfastened
- The 4-Mode DRIVE CONTROL allows the user to shift into four different speed and torque settings to maximise application versatility
- The integrated blow counting sensor enhances the consistent repeatability of the chosen torque setting
- ONE-KEY™ tool control enables wireless tool customisation
- ONE-KEY™ tool tracking & security

KIT INCLUDES:

DELIVERS 2576 NM OF FASTENING TORQUE

NEW M18 FPFT-202 NC SET | ART.# 4933478591

REDLITHIUM™

ONE-KEY™
UNLOCKING THE DIGITAL JOBSITE.

BUILD A MORE CONNECTED JOBSITE

With 40 connected tools and counting, MILWAUKEE® is the world leader in smart solutions, dedicated to moving jobs forward.

TRACK. MANAGE. CUSTOMISE.

CONNECTED SOLUTIONS, ADVANCING THE JOB

ONE-KEY™, the first digital platform for tools and equipment, combines a free-to-use inventory program with the industry's smartest tools. ONE-KEY™ provides a new level of control and access to information that's revolutionising the way work gets done.

DOWNLOAD THE FREE ONE-KEY™ APP VIA THE APP STORE, OR GOOGLE PLAY STORE, OR SIMPLY USE YOUR BROWSER

TRACK.

GROWING TRACKING NETWORK

With community Bluetooth® tracking, barcode scanning, and geo-fencing, staying on top of the tools and equipment is easy.

ONE-KEY™ gives complete control and visibility of the inventory across any job, crew and location. Real-time alerts help prevent loss and expensive setbacks.

TICK™ Tool and Equipment Tracker
Versatile Bluetooth®** tracker that can be attached with glue, screws, rivets or straps on anything. It provides location updates (last seen date, time and location) when it comes within a 30 m range of any phone with the ONE-KEY™ App.

MANAGE.

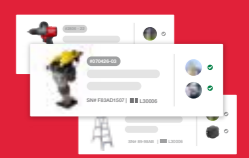

EFFORTLESS INVENTORY MANAGEMENT

ONE-KEY™ inventory management streamlines the inventory process with one digital catalogue that the team can access from anywhere. It gives more insight on how the equipment is working via:

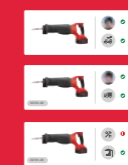

1. INVENTORY DASHBOARD

2. ITEM DETAIL

3. TOOL HISTORY

4. SERVICE REMINDERS

ONE-KEY™ allows you to manage the assets from a computer, tablet, or smartphone. On the jobsite, in the office - accessible inventory for the team wherever they are.

CUSTOMISE.

OUTSTANDING TOOL CUSTOMISATION

ONE-KEY™ allows you to customise the output of the machines to suit the application with the possibility to save and share configurations between tools. Utilising customisation increases tool run time and accessory life, resulting in saving time and money for the owner.

*Users within 30 m range of any phones, using the ONE-KEY™ App to track, manage and customise their fleet.

ALKALINE INTRINSICALLY SAFE HEADLAMP

FEATURES:

- The intrinsically safe headlamp comes with a certified Zone 0 (category 1) approved ATEX rating
- Exceptional hands-free task lighting provides both Spot and Flood beam options with 310 Lumens of TRUEVIEW™ high definition up to 100 m beam distance
- Powered by 3 AAA batteries, it provides up to 40 hours of run time and features 5 output modes to manage the brightness and run time
- IP64 water and dust resistant and can withstand up to 2 m drops
- Designed with safety in mind, it is ideal for fire & rescue, oil & gas workers and professionals working around continuous long term gaseous, vaporous and fog/mist areas
- Includes rubber strap for hard hat use & nylon strap for bare head use. Also includes DUAL LOCK™ adhesive for a strapless option to connect straight to a hard hat

GREATER VISIBILITY

HIGHER OUTPUT

NO COMPROMISE TO SIZE OR SAFETY

KIT INCLUDES:

WHAT IS A HAZARDOUS LOCATION?

A hazardous location is an area or environment where flammable liquids, gases or vapours, and/or combustible dusts exist in sufficient quantities to produce an explosion or fire.

WHAT MAKES A LIGHT INTRINSICALLY SAFE?

An Intrinsically Safe light is a light that will not cause ignition of hazardous material. It is important to know which ATEX zones your workplace is in.

ZONE 0

Categorises the various hazardous materials that may be present in a work space.

ZONE 0,1,2
Flammable gases, vapor or liquids

MATERIAL
EXAMPLE: Acetylene, Hydrogen, Ethylene, Propane

ENVIRONMENTS
EXAMPLE: Oil refinery, offshore oil rig, vault, spray booth, gasoline dispensing areas

NEW

TRI-LOBE SCREWDRIVER RANGE

The NEW MILWAUKEE® Tri-Lobe screwdriving range offers innovation to a category that has long been left alone. We at MILWAUKEE® are always trying to do this what ever the tool. Our NEW range of MILWAUKEE® Tri-Lobe screwdrivers offers the end user a comfortable Tri-Lobe handle optimised for maximum user comfort and high torque applications, permanent visible ID markings allow for quick tool identification, lanyard hole for easy attachment to a safety system, hardened magnetic tips for maximum durability and fastener retention, anti-rotate 3 sided collar on the handle and wrench ready shank allows extra leverage to be applied.

PLEASE VISIT THE WEBSITE FOR THE FULL RANGE OF TRI-LOBE SCREWDRIVERS

STAY SAFE. STAY PRODUCTIVE.

NEW MILWAUKEE® PERSONAL PROTECTIVE EQUIPMENT

Personal Protective Equipment has seen little innovation over the years, driving users to modify their gear to better meet their needs. We have taken the time to understand our users' needs and develop PPE from the ground up, delivering Hard Hats that allow users to adapt to each job and safety glasses that can be worn all day with lasting fog-free lenses. MILWAUKEE® is focused on creating innovative solutions that won't slow users down, helping them stay safe and stay productive on the jobsite.

MILWAUKEE®: THE COMPLETE SOLUTIONS PROVIDER

THE PERFECT MATCH

LONGER LIFETIME

ULTIMATE PERFORMANCE

MILWAUKEE® is focused on producing the best on a single vision: To produce the best heavy-duty power tools and accessories available to the professional user. That's because at MILWAUKEE® we understand that any power tool is only as good as the accessory used. In fact, the accessory is the critical link between the tool and the material, it's what transmits the power or speed or both from the machine into the material. Due to this we don't just see MILWAUKEE® accessories as a side line or as support for power tools, we see them as critical to enhancing productivity for our end users.

ART.# 48005262
TORCH NITRUS™ Carbide teeth - 230 mm

ART.# 4933451667
M18 ONESX-502X

LEADING INNOVATION
LINEAR EDGE

At MILWAUKEE® we are always looking at providing a solution for every application for all Trades People. One of the toughest applications on the jobsite it's removing or cutting through Cast Iron pipes. The Torch Carbide Nitrus blade offers the perfect accessory for this job, the blade offers 3x life versus other blades when cutting cast iron. The blade doesn't just offer best lifetime when cutting cast iron but it will also get the job done faster than ever before.

CUT MORE. CUT FASTER. SAVE MONEY.

PERFECT MATCH

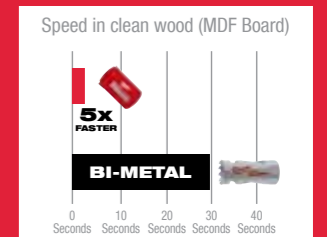

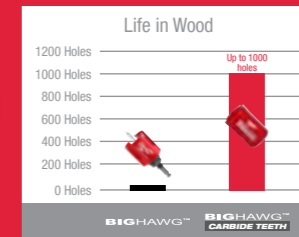

UPGRADE TO BIGHAWG CARBIDE TEETH.

ART.#4932464925
Big Hawg Carbide 51 x 60 mm

ART.# 4933471641
M18 CRAD2-0X

The high torque of the M18 CRAD2 and the design of the Big Hawg carbide teeth provides the user a perfect system combining highest drilling speed, cleanest work and longest life versus other solutions on the market like Bi-Metal holesaws, other carbide Holesaws. Thanks to the superior tooth design and size, the largest carbide tooth on the market and the optimised slot for an easy plug removal.

PERFECT MATCH

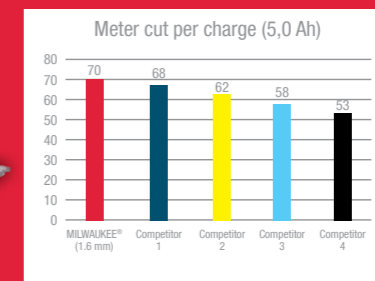

SAW FASTER. SAW FURTHER.

ART.#4932471300
CSB P W 190x30x1.6x24ATB

ART.# 4933464587
M18 FCS66-121C

LEADING INNOVATION
LINEAR EDGE

The MILWAUKEE® cordless optimised circular saw blades help to increase the runtime of the tool by up to 21% vs competition and 30% vs non cordless optimised blade. This is because of the anti-friction PTFE (Teflon) coating on the blades, the upgraded aggressive tooth geometry and the Thin Kerf design which reduces friction and means there is less material for the blade to remove.

PERFECT MATCH

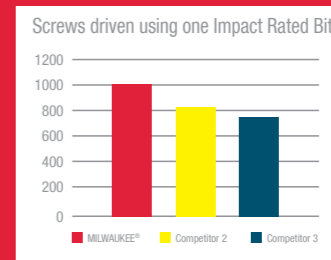

DRIVE MORE FOR LESS.

ART.#4932472049
SHOCKWAVE PZ2 50 mm

ART.# 4933464092
M18 ONEID2-502X

ULTIMATE IMPACT SOLUTION

Our SHOCKWAVE™ Impact Driver Bits offer the ultimate and best durability bits on the market. The WEAR GUARD TIP™ increases wear resistance, protecting bit fit over the life of the bit. The SHOCKZONE™ is optimised for each tip type and length of driver bit, absorbing peak torque and preventing breaking. CUSTOM ALLOY76™ steel and heat treatment is customised for each tip type for maximum bit life. The SHOCKWAVE™ impact driver bits provide extreme durability for the most demanding job site applications.

NEW

CUTS MORE HARD CAST

TORCH™ NITRUS CARBIDE

THE TORCH™ WITH NITRUS CARBIDE™ CAN CUT THROUGH THESE ADDITIONAL MATERIALS AND MORE:

UNIQUE CARBIDE BLEND FOR **3X THE LIFE** VS STANDARD CARBIDE TEETH PRODUCTS IN CAST IRON
FASTEST STARTS & SMOOTHEST CUTS IN CAST IRON VS TRADITIONAL CARBIDE TEETH PRODUCTS

CARBIDE OPTIMISED FOR CORDLESS

NEW TORCH™ NITRUS CARBIDE BEST FOR CAST IRON

- Unique carbide blend for 3X the life vs. standard carbide teeth product in cast iron
- Best performance in all thick metals and especially cast iron soil, waste and drainage pipes
- Thick 1.27 mm blade body and 25 mm blade height for precise straight cuts and minimum vibration
