# TEST YOUR SKILLS

AND CREATE THE THUNDER BY TAKING ON THE MILWAUKEE® THUNDERBOLT CHALLENGE!

COMPETE IN MILWAUKEE'S BIGGEST  
**EUROPEAN CHALLENGE YET.**

TO TEST YOUR SKILLS, SIMPLY:

1. REGISTER AT THE EVENT
2. DISMANTLE THE RIG
3. START THE TIMER THEN PICK UP THE WRENCH\*
4. CONSTRUCT THE THUNDERBOLT RIG\*\*
5. PLACE THE WRENCH THEN STOP THE TIMER\*

\* using the same hand for the timer and the wrench  
\*\* properly fasten all bolts

**WIN BIG PRIZES!**

**GRAND PRIZE WINNER**

**WIN A VAN LOADED WITH TOOLS**

Dear Milwaukee® Revolutionaries,

This summer turns red hot as Milwaukee® continues to elevate the entire M18™ System through HIGH OUTPUT™. After 12.0Ah and 3.0Ah HIGH OUTPUT™ Milwaukee® continues to stride at the forefront of lithium-ion technology with the new 8.0Ah HIGH OUTPUT™ REDLITHIUM-ION™ battery. This is engineered with the best combination of cell technology, pack construction, and electronics ever utilised before in a professional-grade battery system, allowing you to experience faster application speed and fade-free power by running cooler and longer in extreme, high current draw applications on a hot summer's afternoon.

The new 8.0Ah HO pack will deliver the same power as the larger 9.0Ah pack and up to 80% more run-time than a 5.0Ah pack in the new M18 FUEL™ ONE-KEY™ 1" High Torque Impact Wrench. This M18™ wrench is the nemesis of all corded, pneumatic and petrol impact wrenches, it is the first of its kind and the epitome of what we're able to accomplish through the M18 FUEL™ cordless technologies – the step-up POWERSTATE™ brushless motor and REDLINK PLUS™ intelligence electronics powered by M18™ HIGH OUTPUT™ REDLITHIUM-ION™ batteries. With more than 2000 Nm fastening and 2400 Nm nut-busting release torque it is the most powerful cordless impact wrench ever, and only a third of the size and weight of a petrol unit.

Also, truly game-changing, redesigned from the ground-up, is the new super-compact M18 FUEL™ 18ga Brad Nailer. With zero ramp-up time it consistently sinks nails sub-flush in all common materials and orientations leaving only clean, size-reduced nail holes by the striker.

Leverage the superior M18 FUEL™ technology and your investment into the M18™ system with our latest Outdoor Power Equipment expansion product, the versatile QUIK-LOK™ Attachment System engineered to get rid of your frustrations associated with gas products. The M18 FUEL™ Outdoor Power Head plus the 41cm Line Trimmer - and 51cm/270° articulating Hedge Trimmer, the 25cm/4600rpm Chain Saw and the 21cm/3900rpm Edger QUIK-LOK™ system attachments are versatile and not only achieve instant throttle response for more control, it is also up to 1kg lighter than other systems available and will make jobs quicker, easier and more effective.

But it doesn't stop there. As extended daylight gets shorter, see differently with the most advanced high output TRUEVIEW™ LED Technology utilising an optimised optical design to deliver a consistent beam and colour temperature as well as true representation of colours and detail. Milwaukee now offers over 35 differentiated, versatile task, area and site lighting solutions that adapt faster, perform better and survive longer than any other alternative available. Running on the same battery platform as your existing M18™ and M12™ tools, with 145+ and 75+ system solutions respectively, also makes them highly cost-effective over their exceptional useful lifetime.

Driving the shift from pneumatic to cordless the new subcompact 3/8" and 1/4" extended reach of 89mm M12 FUEL™ automotive ratchets round-up the unique M12™ line-up of subcompact cordless ratchets with up to 75Nm of maximum torque. Maximum versatility is also guaranteed with the new, light, only 130mm long, 34Nm/1600W rpm high performance 4-in-1 drill driver with removable chuck and 4 different system heads (drill, right-angle, screwdriver and offset-drive).

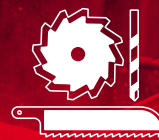

Suit your gear to your style with the latest Milwaukee M12™ heated jackets and hoodies, as an outer shell or mid layer, with faster heating technology, wind/water resistant garment, best heat retention and extended mobility gussets. Maximise your movement across the city with the portable productivity of M12™ and minimise your transport hassle with the ever expanding PACKOUT™ hard and soft storage solutions. Load them up with the latest in exciting SDS, SHOCKWAVE™ drilling, driving, fastening, Sawzall®, Big Hawg cutting accessories solutions and Hand Tools featured in this HDN.

Improved system performance in application.

Recommended battery considering average runtime requirements, average application demand and ergonomics.

\* Compared with standard Lithium-Ion competition and previous Milwaukee battery technology.

\*\* Results dependent on voltage, tool, accessory, application and user experience.

\*\*\* Over-temperature battery shut-down may occur during prolonged or continuous use.

# INTRODUCING

## Milwaukee® M18 FUEL™ OUTDOOR POWER EQUIPMENT

The new Milwaukee® M18 FUEL™ Outdoor Power Equipment range delivers best-in-class power and run-time for landscaping and trade professionals, achieving instant throttle response and outperforming higher voltage platforms. The backbone of our new outdoor range is the M18 FUEL™ Outdoor Power Head with QUIK-LOK™ attachment system. Featuring multiple attachments powered by a single power head, you have the capability to seamlessly switch between a wide range of applications.

Multiple attachments Powered By  
a Single Power Head

**NEW** M18 FOPH-0 | ART.# 4933464954

£185.00 EXCL. VAT £222.00 INC. VAT

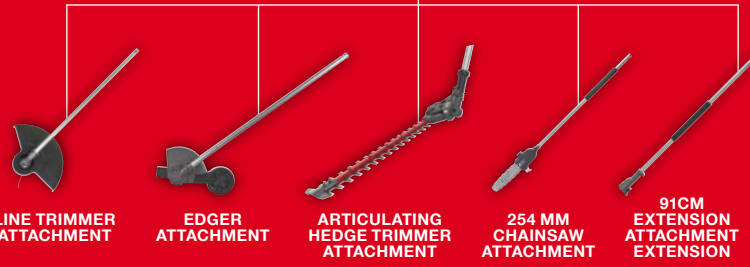

## M18 FUEL™ OUTDOOR POWER HEAD

### FEATURES:

- Power your Milwaukee® attachments with QUIK-LOK™ attachment system
- The Milwaukee® POWERSTATE™ brushless motor provides increased efficiency, lasts longer and delivers maximum power
- REDLINK PLUS™ intelligence system delivers an advanced digital overload protection for tool and battery and uniquely enhances the tool performance under load
- Full throttle in under 1 second
- 2-speed with variable speed trigger
- Compatible with all Milwaukee® outdoor power head system attachments
- Adjustable auxiliary handle, strap and carrying ring help set the tool up for the optimum user comfort and control
- Flexible battery system: works with all Milwaukee® M18™ batteries

## OUTDOOR POWER HEAD CHAINSAW ATTACHMENT

150 CUTS PER CHARGE

### FEATURES:

- Compatible with Milwaukee® M18 FUEL™ outdoor power head QUIK-LOK™ attachment system
- Perfect for cutting down overhead branches
- 254 mm bar with automatic chain oiling
- Side access chain tensioner for easy chain adjustment
- Branch extracting hook, ideal for leverage and pulling cut branches out of the way
- Up to 150 cuts with a M18™ 8.0 Ah battery pack
- Suitable for use with 91 cm extension attachment for maximum reach

£149.00 EXCL. VAT

£178.80 INC. VAT

M18 FCBS-121B | ART.# 4933464224

## M18 FUEL™ CHAINSAW

FASTER THAN PETROL

### FEATURES:

- FUEL™ technology allows the saw to maintain speed in tough application without bogging down, giving it the ability to outperform petrol chainsaws up to 40cc
- Has the capability to clear thick brush - 38.6 cm cutting path width
- Variable speed trigger allows the user to have full control over the power curve
- Supplied with 1 x REDLITHIUM-ION™ High Output™ 12.0 Ah battery pack, M12™ - M18™ fast charger

£719.97 EXCL. VAT

# TRUEVIEW™

## LIGHT THE SITE WITH MILWAUKEE®

When you are on site you can find yourself in dark and dangerous working conditions. Having a high quality light source is vital for completing applications safely and efficiently.

Traditional lighting solutions such as corded and halogen bulbs can present a huge risk on site. Milwaukee® TRUEVIEW™ lighting avoids these risks, giving you the safest, most accurate, and most effective solution for any jobsite.

### DANGERS WITH TRADITIONAL LIGHTING

TRIP  
HAZARDS

POOR COLOUR  
REPRESENTATION

SMASHED  
GLASS

STRAINED  
VISION

HIGH ENERGY  
COSTS

### WHY TRUEVIEW™ IS THE SOLUTION

#### ADAPTS

TRUEVIEW™ offers professionals the ability to bring light directly to their work as well as control the beam intensity and direction for greater productivity on the jobsite.

#### PERFORMS

Through the use of high quality LEDs, Milwaukee® designed optics, and REDLITHIUM-ION™ battery packs, TRUEVIEW™ lights shine brighter and last longer.

#### SURVIVES

Reinforced, impact resistant housings and lenses stand up to the challenges of industrial use, and superior temperature management protects LEDs throughout their life.

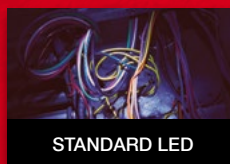

#### TRUE COLOUR REPRESENTATION

TRUEVIEW™ products accurately represent colours with phosphor coated LEDs.

#### OPTIMISED WORKING CONDITIONS

TRUEVIEW™ natural white light gives the greatest clarity and comfort to the end user.

## LIGHT THE SITE WITH MILWAUKEE®

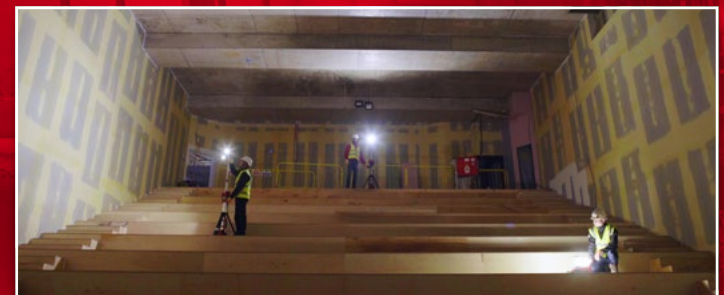

LIGHT UP THE JOBSITE

## THE REAL BENEFITS OF TRUEVIEW™ LIGHTING

“The lights are very representative of daylight and in large areas like this with no windows that’s just what we want. Anything we can do to reduce the health and safety risk of cords running across the site is brilliant and the cordless lights are a great way of doing that.”

JOE FOLEY, WILLMOTT DIXON

“The TRUEVIEW™ lights are brilliant, I particularly like the pure white light and the fact that you can take it anywhere with ease as it’s so robust.”

DARREN DEVRIE,  
MACE

“The M18™ SAL is an excellent working light. We also use the M12™ Area Light which is perfect for intricate jobs like fitting bolts.”

WAYNE RAMPLIN,  
CROSSRAIL

“When working at night we have historically had to rely on generators and halogen lights which were prone to faults and breakages. Since using TRUEVIEW™ lighting the battery life has exceeded expectations giving 8 hours use from a 5Ah battery, and it has reduced discolouration of cable ducts.”

PAUL MARLOR, SIR ROBERT MCALPINE

# M12™ PORTABLE PRODUCTIVITY

YouTube

All M12™ products are engineered to deliver maximum performance in the most compact and portable package possible. This enables you to work harder and more efficiently in remote, confined, and hard to reach places.

The Milwaukee® M12™ platform is the largest sub-compact tool platform on the market today. Powered by M12™ batteries you can find solutions that are Powerful, Unique, have Multiple Capabilities and are suited to Lifestyle requirements when off site. To see how you can utilise M12™ portable productivity watch the video on the Milwaukee Tool Europe Youtube channel.

POWER
 UNIQUE
 MULTI-CAPABILITY
 LIFESTYLE

**M12 POWER**

M12™ tools are engineered to supply maximum power from the most compact form. FUEL™ technology means you do not have to sacrifice capability when downsizing to a smaller solution.

**M12 FIW12**  
339Nm of torque

**M12 CH**  
1.1 J Blow Energy

**M12 FPD**  
35mm in wood

**M12 UNIQUE**

Within the M12™ range you can find unique solutions designed to save you time on the job. These tools rethink the approach to common applications maximising your efficiency where competitors cannot.

**M12 GG**  
7 cartridges per charge

**M12 PC**  
Automatic size adjustment

**M12 SI**  
No Butane gas or cord

**M12 MULTI-CAPABILITY**

The M12™ range features tools with multiple capabilities. This allows you to conquer whatever you find on the jobsite without having to be weighed down by a huge amount of solutions.

**M12 FPD**  
6 in 1 Solution

**M12 CHZ**  
FIXTEC clamp for any Milwaukee® blade

**M12 FCOT**  
Cut metal, plastic, drywall, tiles, brick, and more

**M12 LIFESTYLE**

The benefits of M12™ don't stop when you leave site. The range has a selection of lifestyle focused products to make your home solutions as streamlined as your day to day tools.

**M12-M18 JSSP**  
30m BLUETOOTH RANGE

**M12 HJP**  
Carbon heating elements

**M12 BI**  
High efficiency motor pump

**UPGRADE. OUTWORK. OUTLAST.**

**PORTABLE PRODUCTIVITY. TRADE FOCUSED. SYSTEM WIDE.**

**ONE SYSTEM OVER 75 TOOLS**

**M12 FUEL**

**REDLITHIUM-ION™ 2.0 / 3.0 / 4.0 / 6.0Ah**

**M12: INNER CITY SOLUTION**

**GET ON THE MOVE WITH MILWAUKEE®**

With the PACKOUT™ system and other Milwaukee® storage solutions you can utilise the benefits of M12™ wherever the job takes you. The compact nature means you can travel hassle free ensuring you always have access to the power you need.

Milwaukee prides itself on always delivering the very best to our end user, this doesn't stop with our market leading M12™ and M18™ platforms but continues with Milwaukee's range of over 3000 accessories and 400 hand tools.

We continue to deliver market leading accessories and hand tools such as our renowned SHOCKWAVE™ Impact Bit range and the revolutionary PACKOUT™ storage system.

It is our drive for disruptive innovation and our trade focused spirit that means we can continue to deliver for the end user, so far in 2019 we have continued to add lines to our PACKOUT™ range, expanded our VDE screwdriving range, launched the first ever range of impact rated SHOCKWAVE™ Step Drills and have made a commitment that this industry focused innovation will never stop.

## TOOL LANYARDS & ACCESSORIES

MILWAUKEE® Tool lanyards help users stay safe and productive while working at height by reducing the risks associated with dropped tools.

Latest statistics from the HSE's Riddor Report 17/18 highlights that objects dropped from height still rank in the Top 3 of the UK's workplace killers, as well as 7000 reported non-fatal injuries.

### COLOUR CODED BY WEIGHT RATING

EASY IDENTIFICATION FOR USERS AND SAFETY MANAGERS

### BEST SHOCK ABSORPTION

GRADUALLY SLOWS TOOL IF DROPPED

### DID YOU KNOW?

A 2kg hammer dropped just 5 metres will have an impact force of over 1 tonne.

## CUT RESISTANT DIPPED GLOVES

Your hands are the most important tools you own and on every jobsite there are sharp objects that put them at risk. Injuries to your hands ultimately will cost you time and money. Milwaukee's® cut resistant gloves will offer protection to injures and will increase efficiency and productivity.

Milwaukee's® dipped gloves are designed to provide ultimate durability, all-day comfort, and best in class dexterity for handling small objects.

### WHICH LEVEL DO I CHOOSE?

**HIGH DEXTERITY**  
Breathability

**BEST IN CLASS PUNCTURE RATING**  
Excellent puncture resistance for sharp materials

**GRIP PERFORMANCE**  
Performs on a wide range of materials

**SMARTSWIPE™**  
Use of touch screen devices without removing gloves

**5**

**Extreme cut hazards:**  
Heavy material stamping, plate glass handling

**3**

**Moderate cut hazards:**  
Light material stamping, light-duty glass handling applications

**1**

**Minor cut hazards:**  
Automotive maintenance, parts assembly, material handling

# COME AND EXPERIENCE THE THUNDER!

From July to December Milwaukee® will continue to disrupt the market place with HEAVY DUTY experiences at events.

## HOW WE BRING THE THUNDER

- HEAVY DUTY service
- Expert tool knowledge and advice
- Hands on product demonstrations
- Hosts of the SUPERDRAW, the largest prize giveaway at national shows

Alexandra Palace

Harrogate Toolfair

## WHERE WE WILL STRIKE NEXT:

**The Great Yorkshire Show**  
9<sup>th</sup> - 11<sup>th</sup> July

**Emergency Services Show**  
18<sup>th</sup> & 19<sup>th</sup> September

**ToolFair Coventry**  
19<sup>th</sup> & 20<sup>th</sup> September

**ScrewFix Live**  
27<sup>th</sup> - 29<sup>th</sup> September

**Speedy Expo**  
30<sup>th</sup> & 31<sup>st</sup> October

**ToolFair Sandown Park**  
7<sup>th</sup> & 8<sup>th</sup> November

GO TO [WWW.MILWAUKEETOOL.CO.UK/EVENTS](http://WWW.MILWAUKEETOOL.CO.UK/EVENTS)

TO GET MORE INFORMATION ABOUT THE EVENTS MILWAUKEE® WILL BE ATTENDING IN 2019.
